# Employee Self-Service Portal Guide

Every step of the portal, with a real picture from the system itself — from first sign-in to the last document in your file.

Version 1.0 نوفمبر 2026 25 pictured steps

This guide is taken from Jadara's Employee Self-Service Portal exactly as it appears on phones. All screenshots are captured directly from the live system — no mock-ups, no illustrations.

# Sign in to the portal

Enter your National ID / Iqama and password, then tap “Sign in”.

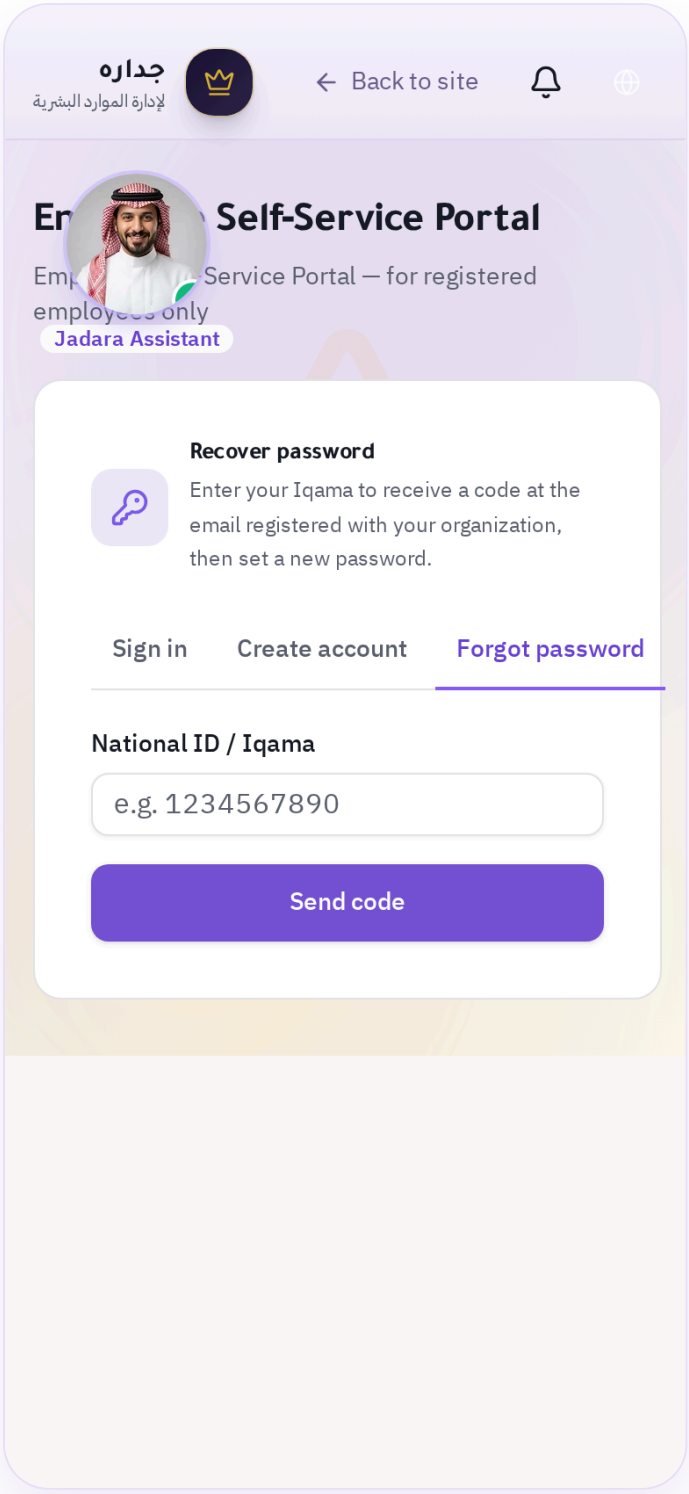

First time? You have no password yet — use the “Create account” tab (step 02).

# Create your password (first time)

Enter your Iqama and date of birth as recorded in HR, then choose and confirm a password.

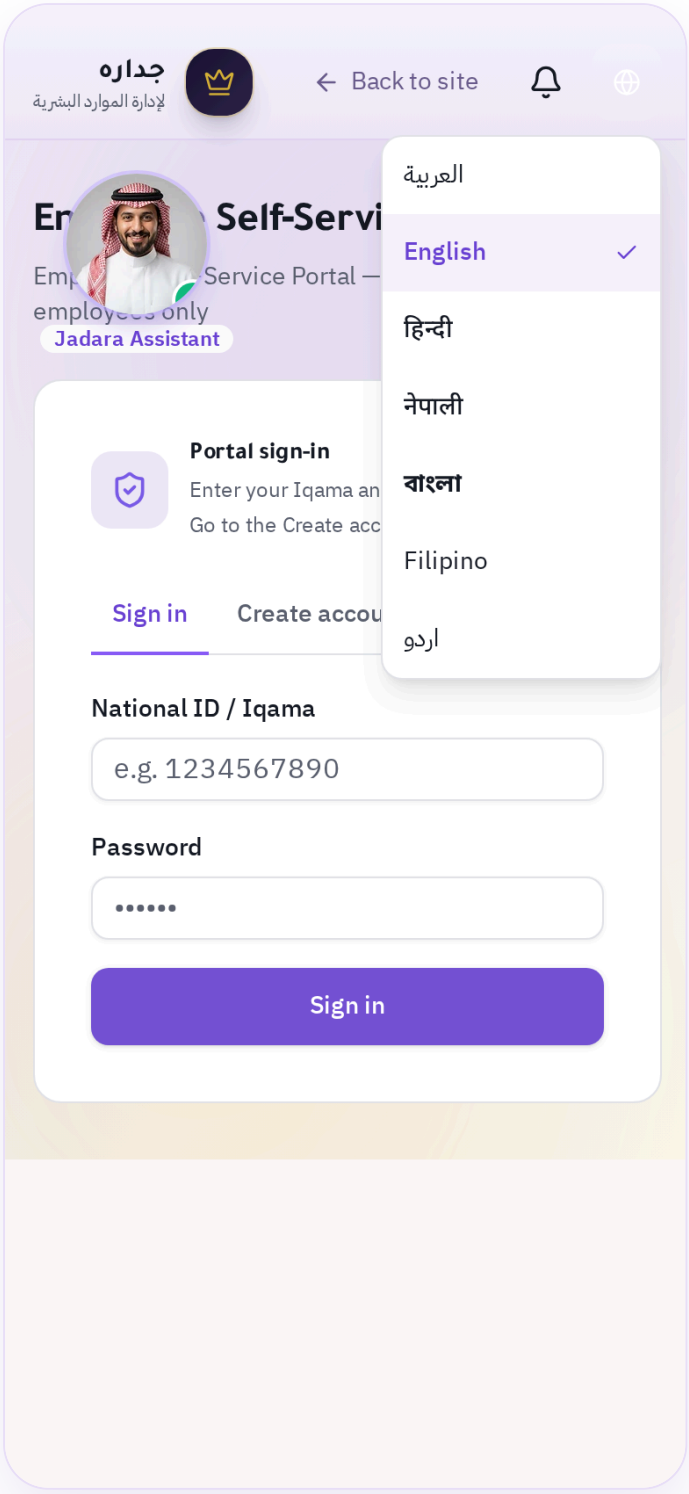

# Forgot your password

Enter your Iqama to receive a code at the email registered with your organization, then set a new password.

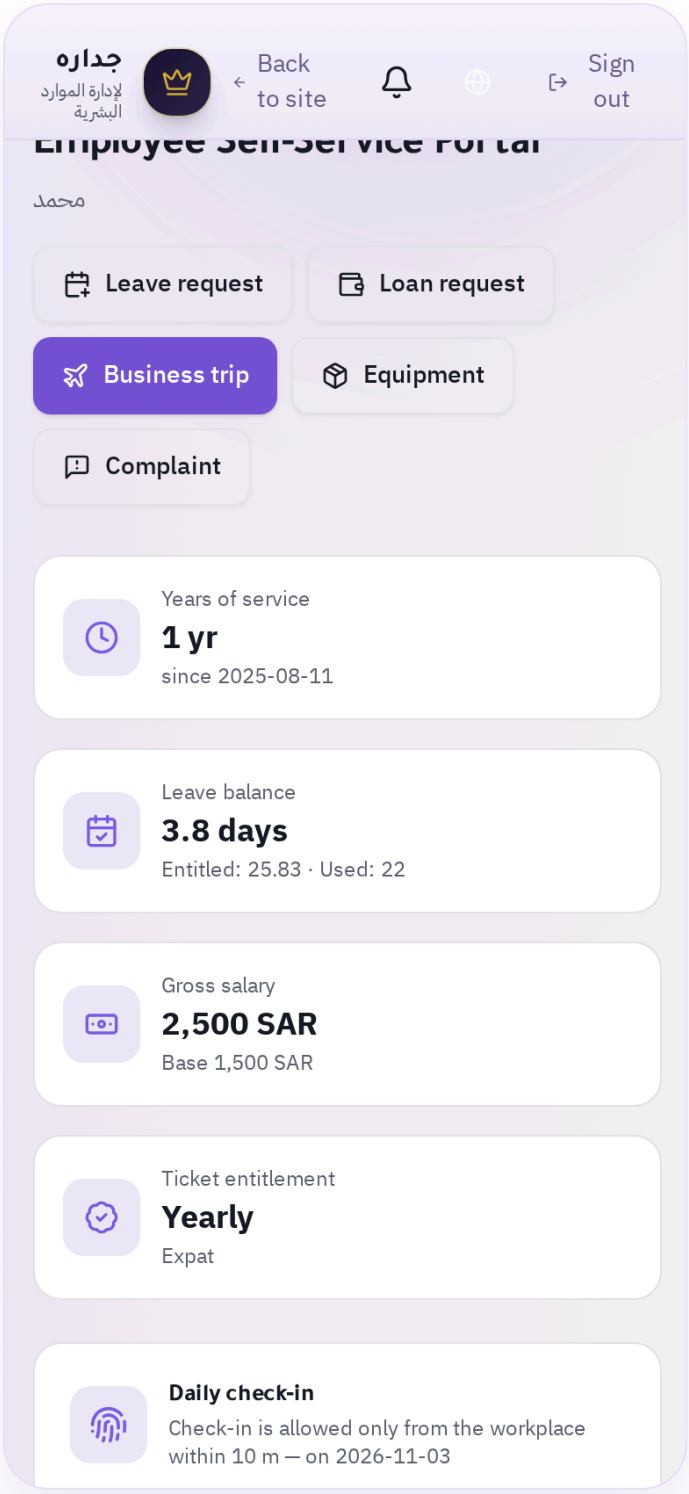

No email on file? Contact HR to restore access.

# Change the portal language

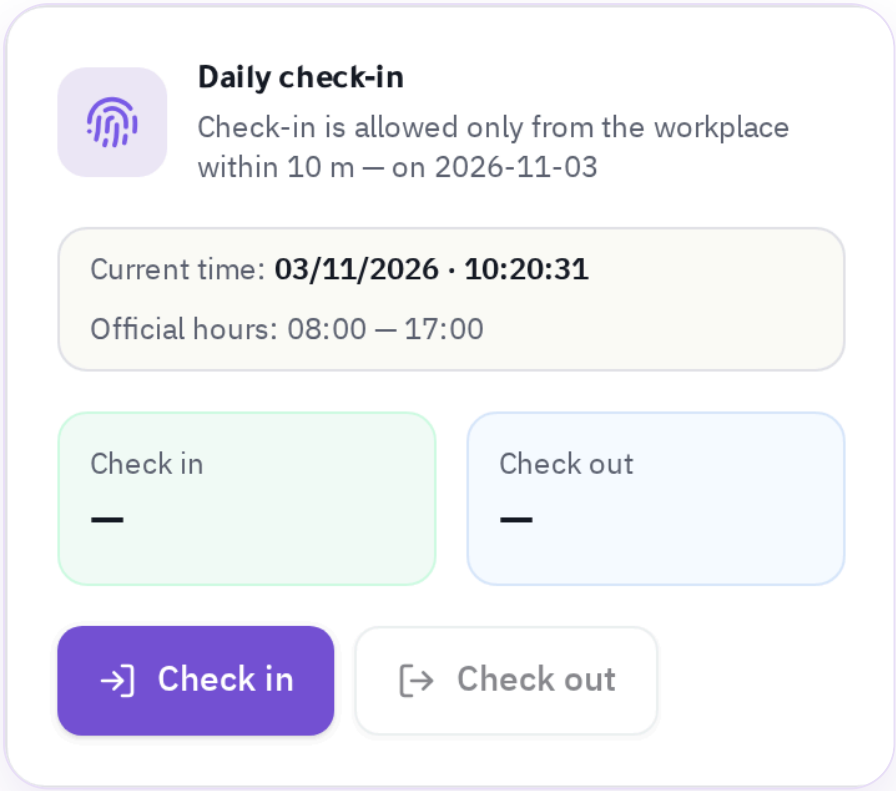

Tap the globe icon at the top and pick your language — the portal supports 7 languages and remembers your choice.

# Home: your summary

Service length, leave balance, gross salary and ticket entitlement at the top — with the quick-request buttons just above them.

# Clock in and out

Clock in from your phone inside the site range; your last punch and today's hours appear right there.

# My job details and salary

A table of your attendance days: check-in, check-out, hours and each day's status.

# Leave balance and requests

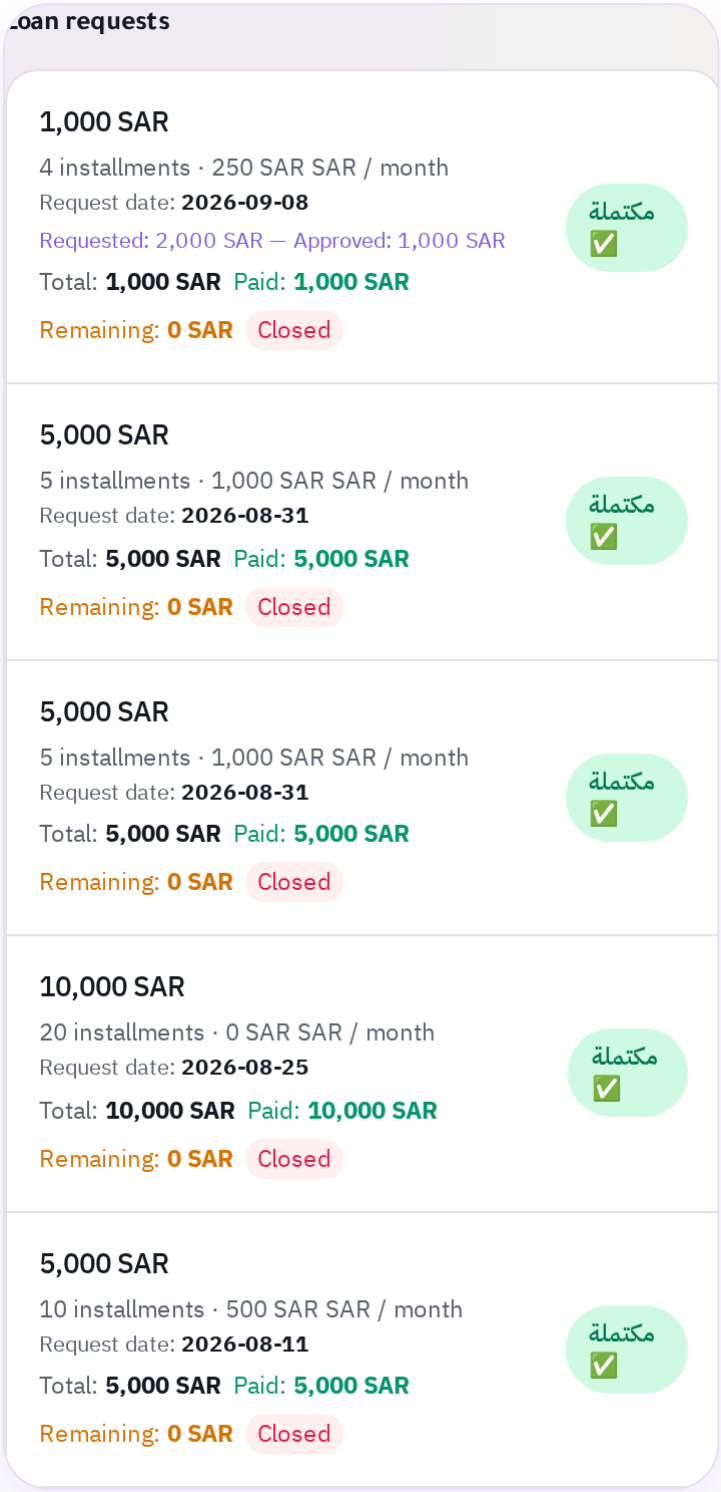

The leaves section lists each request with its type, dates and status: pending, approved, or rejected with the reason.

# New leave request

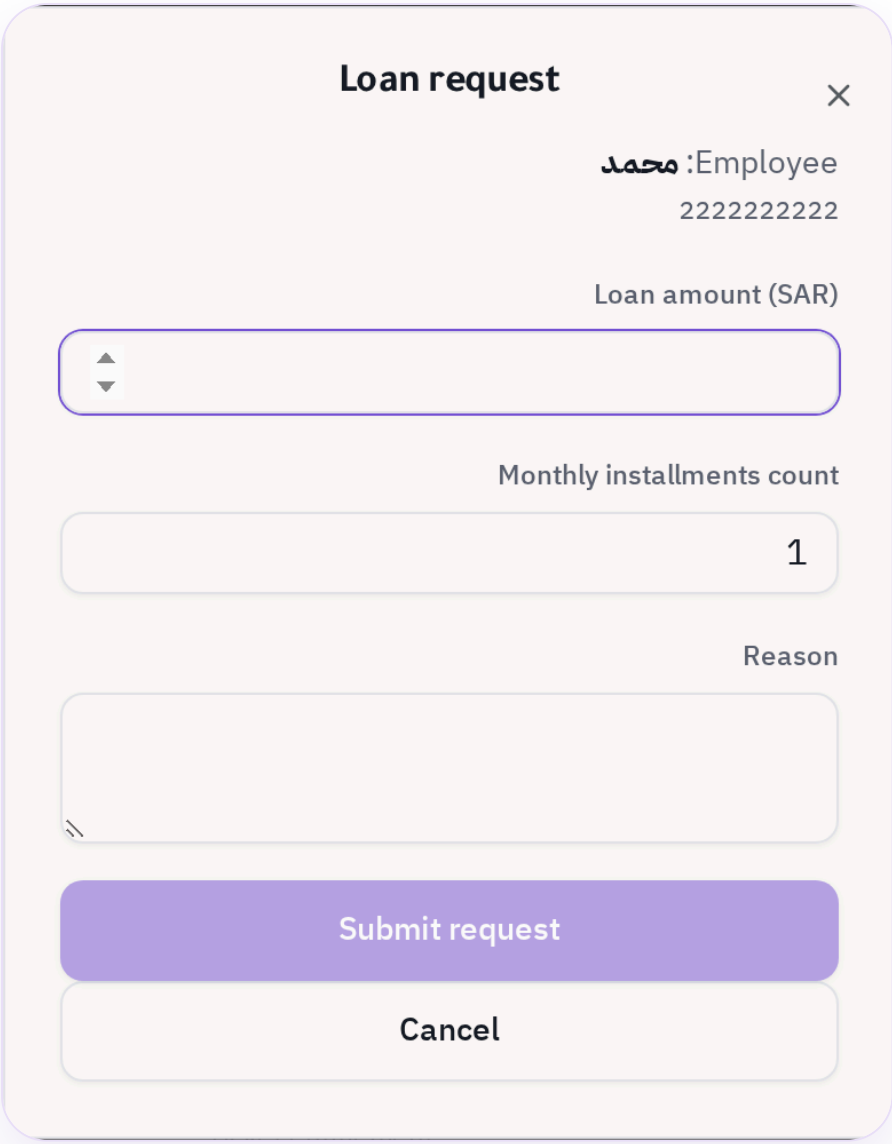

Tap “Request leave” at the top, choose the type and dates, add a reason and attach the medical report for sick leave, then submit.

# Loans

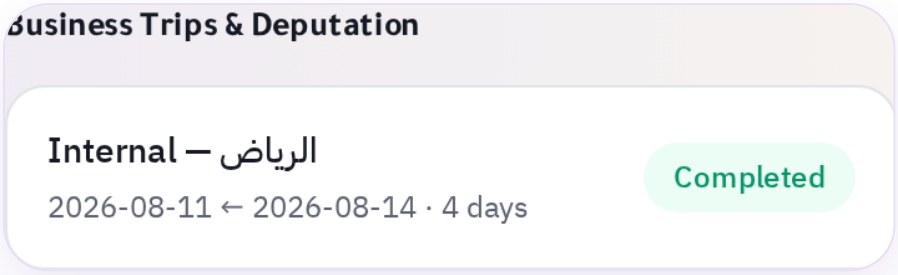

The loans section shows the amount, instalment count, monthly instalment and status — with paid and remaining amounts after disbursement.

# Request a loan

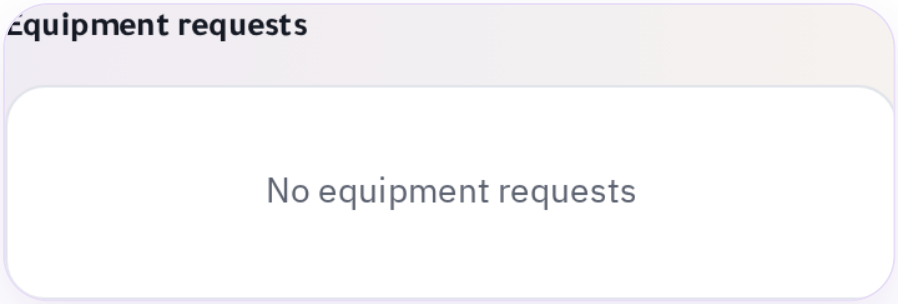

Tap “Request loan”, set the amount and number of instalments, then submit it to the approval flow.

# Business trips and travel

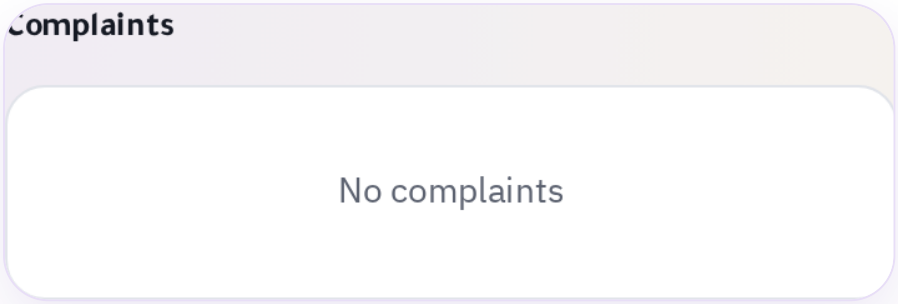

Every trip with its destination, dates and status — created from the “Business trip” button at the top.

# Equipment requests

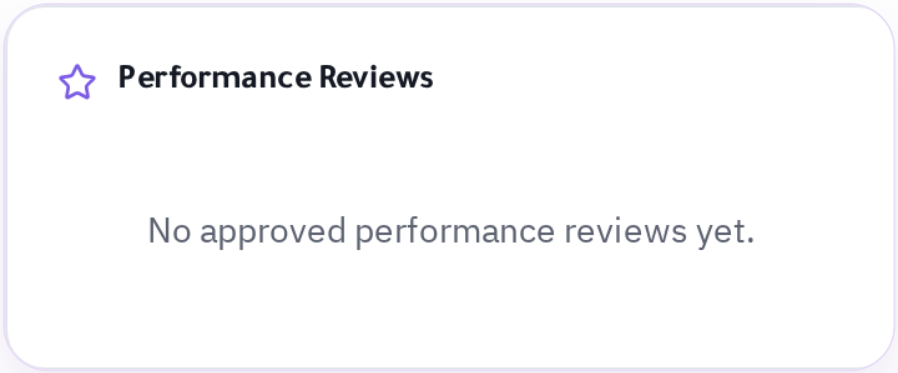

Request equipment (device, phone, SIM, work clothes) and follow it through to delivery.

# Complaints

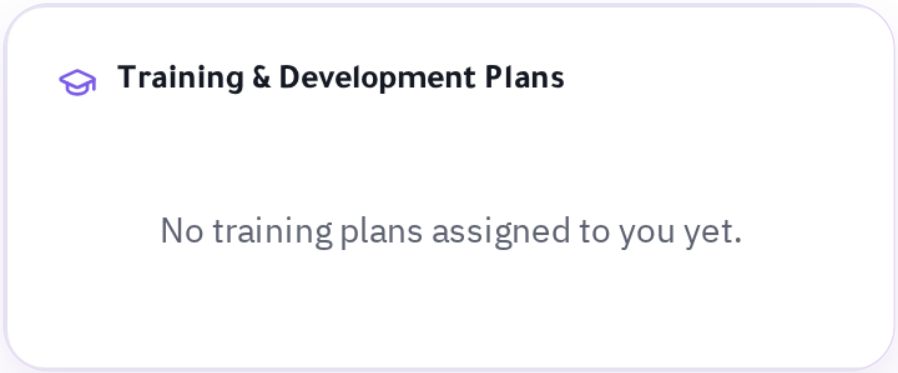

File a complaint from the portal and track it — a confidential complaint goes straight to HR.

# Performance reviews

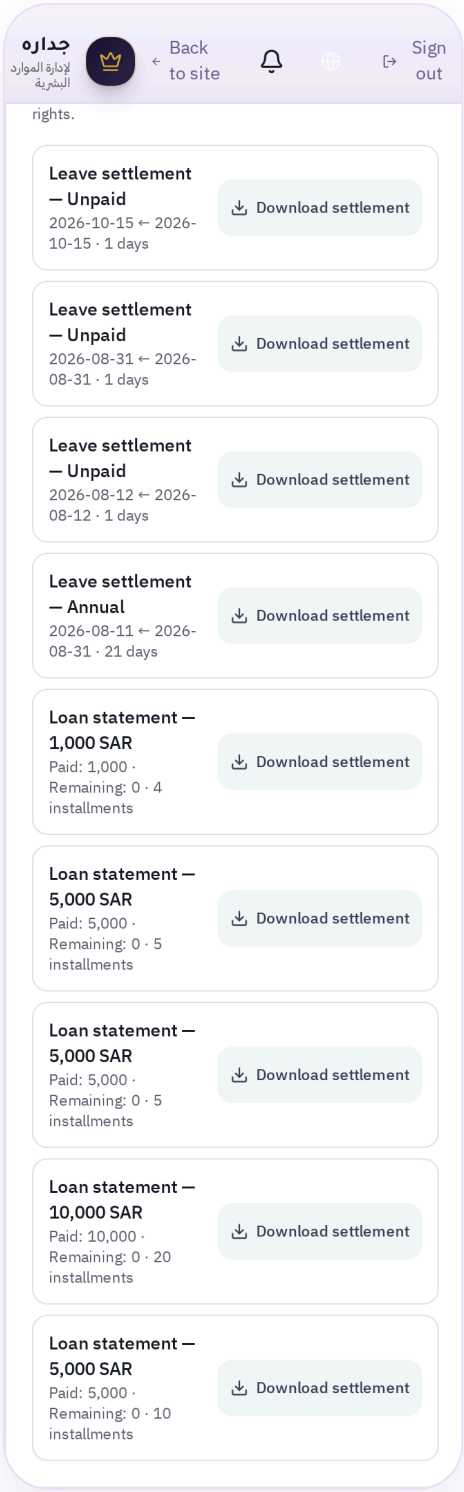

Your latest reviews, scores and manager notes, kept in one place.

# Training plans

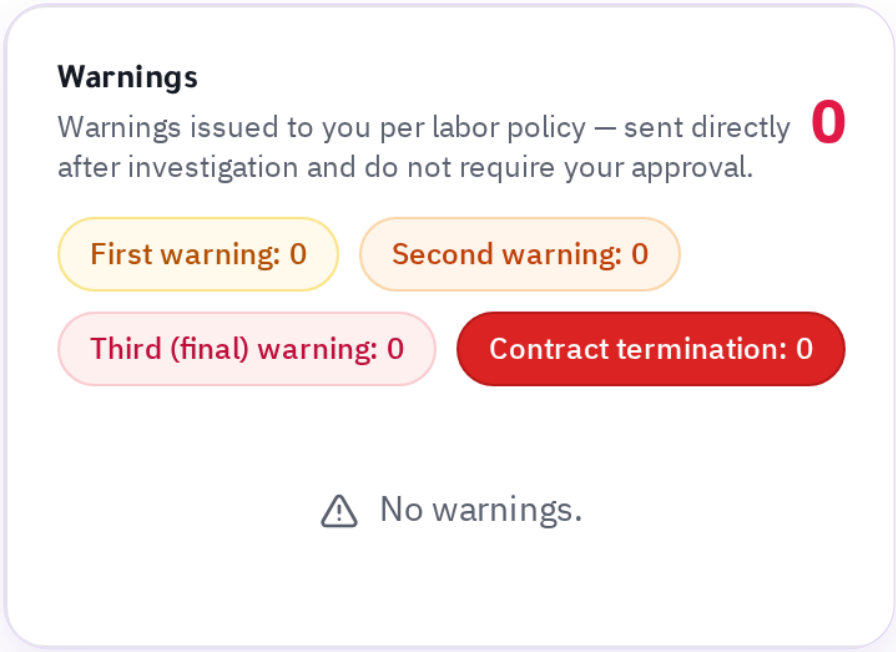

The training plans assigned to you: goal, delivery, dates and status.

# Documents and settlements

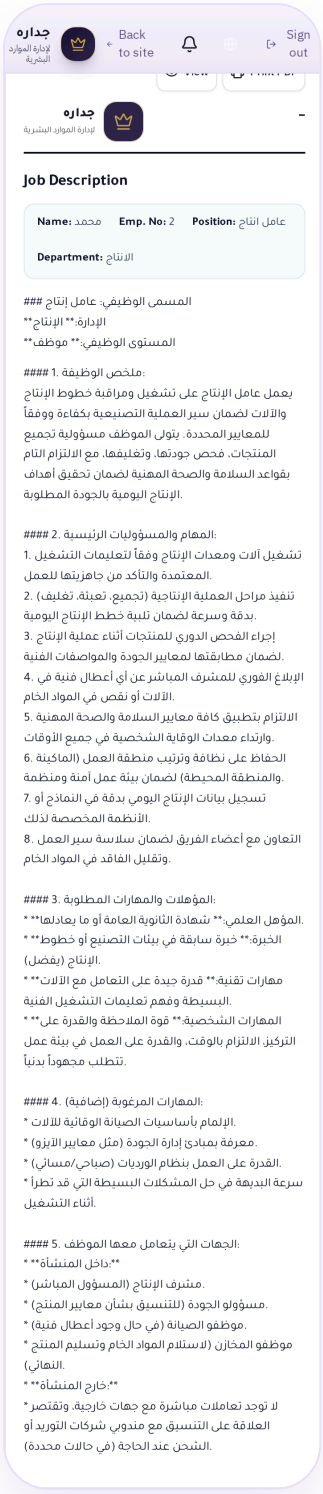

Loan, leave and end-of-service settlements are available to view and print once approved.

# Warnings

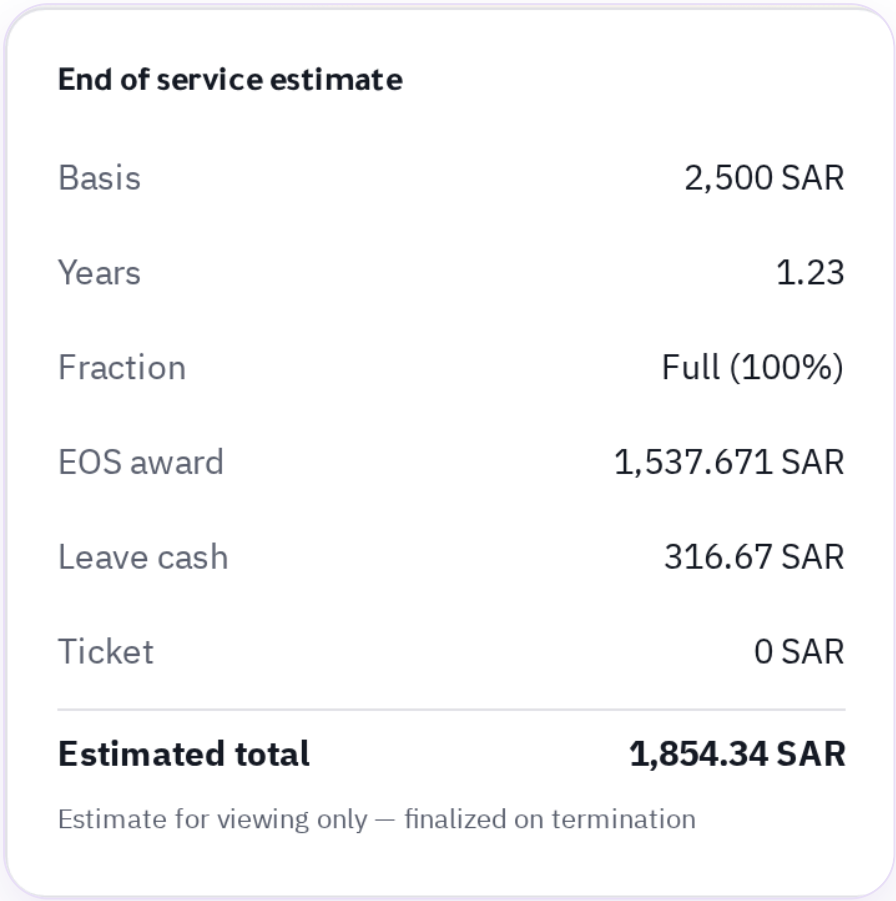

Your warning count and level, with the labour-law article behind each one.

# Job description

Your approved job description, ready to print or export.

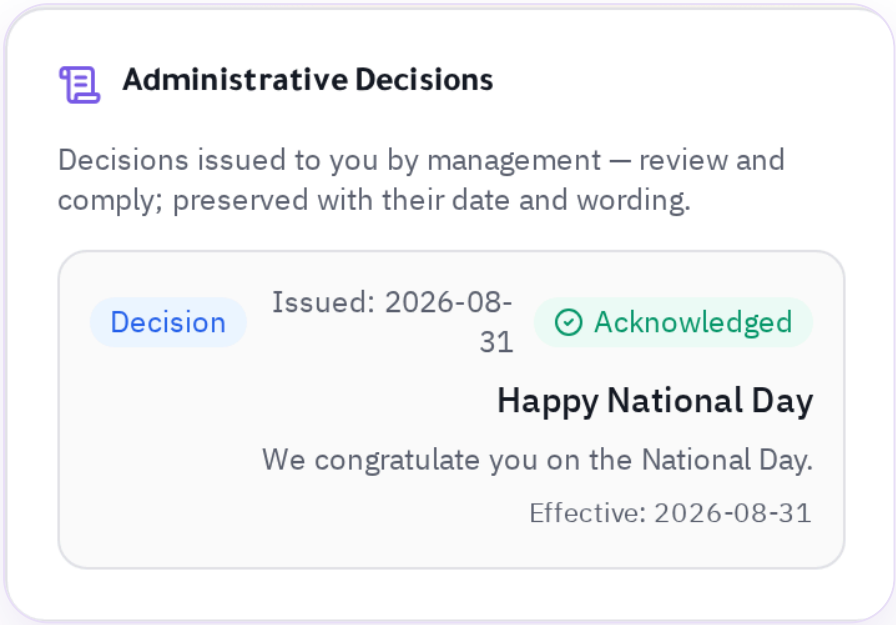

# End-of-service estimate

An estimate of your end-of-service award under the Saudi Labor Law, computed automatically from your salary and service length.

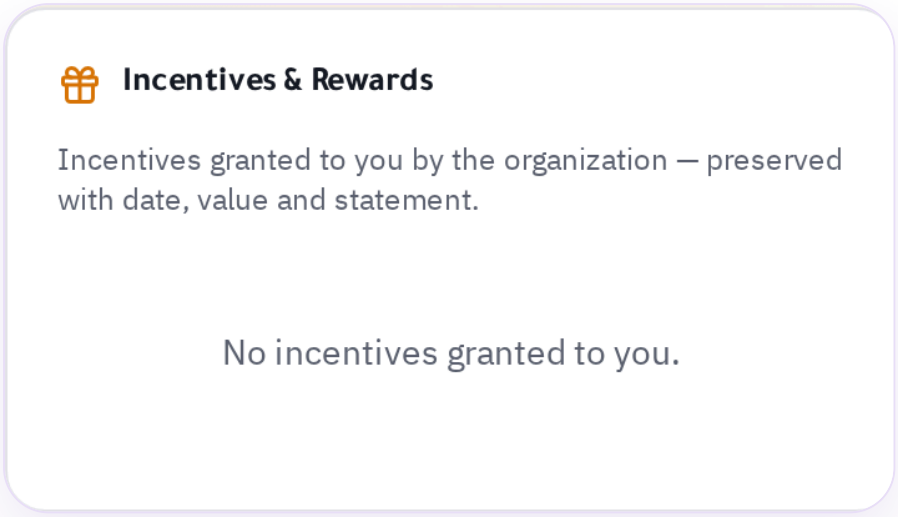

Indicative only — HR issues the final settlement when service ends.

# Administrative decisions

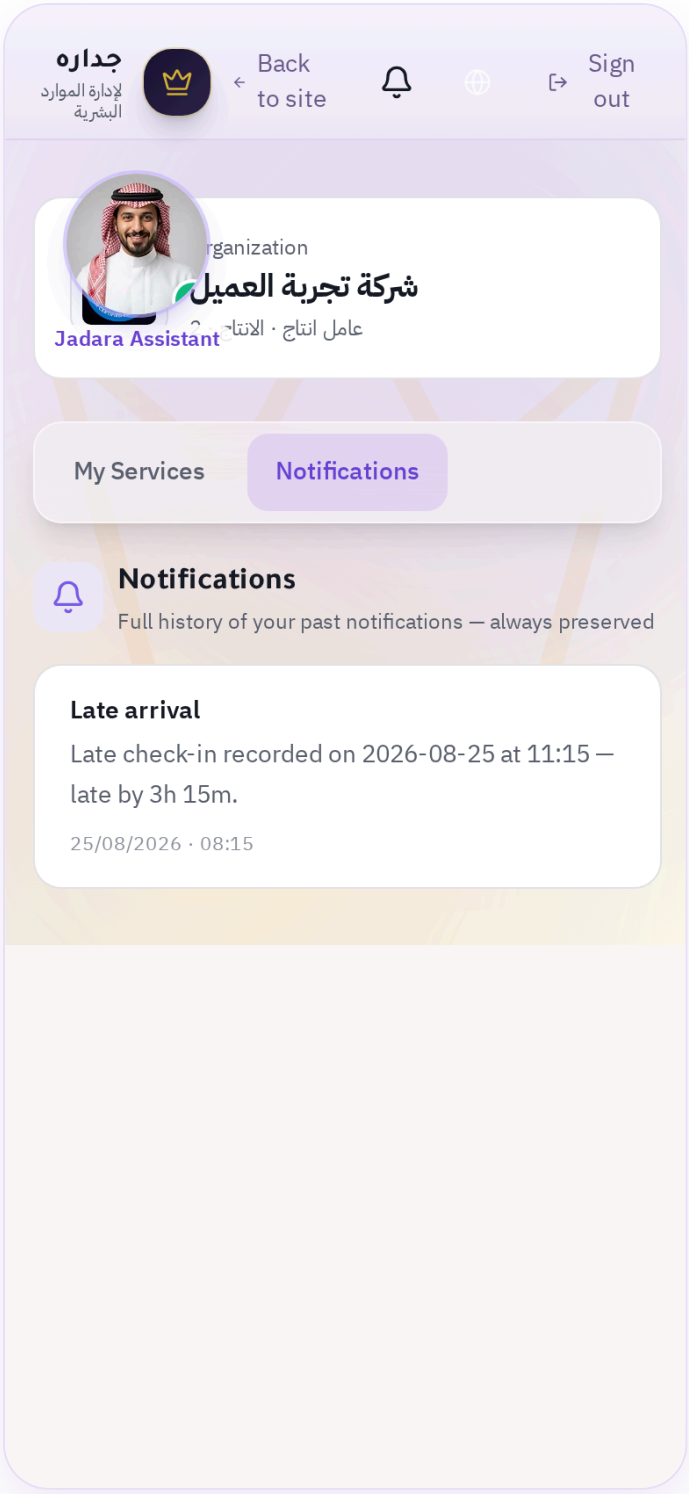

Decisions issued for you — promotion, transfer or assignment — each with its number and date.

# Incentives and bonuses

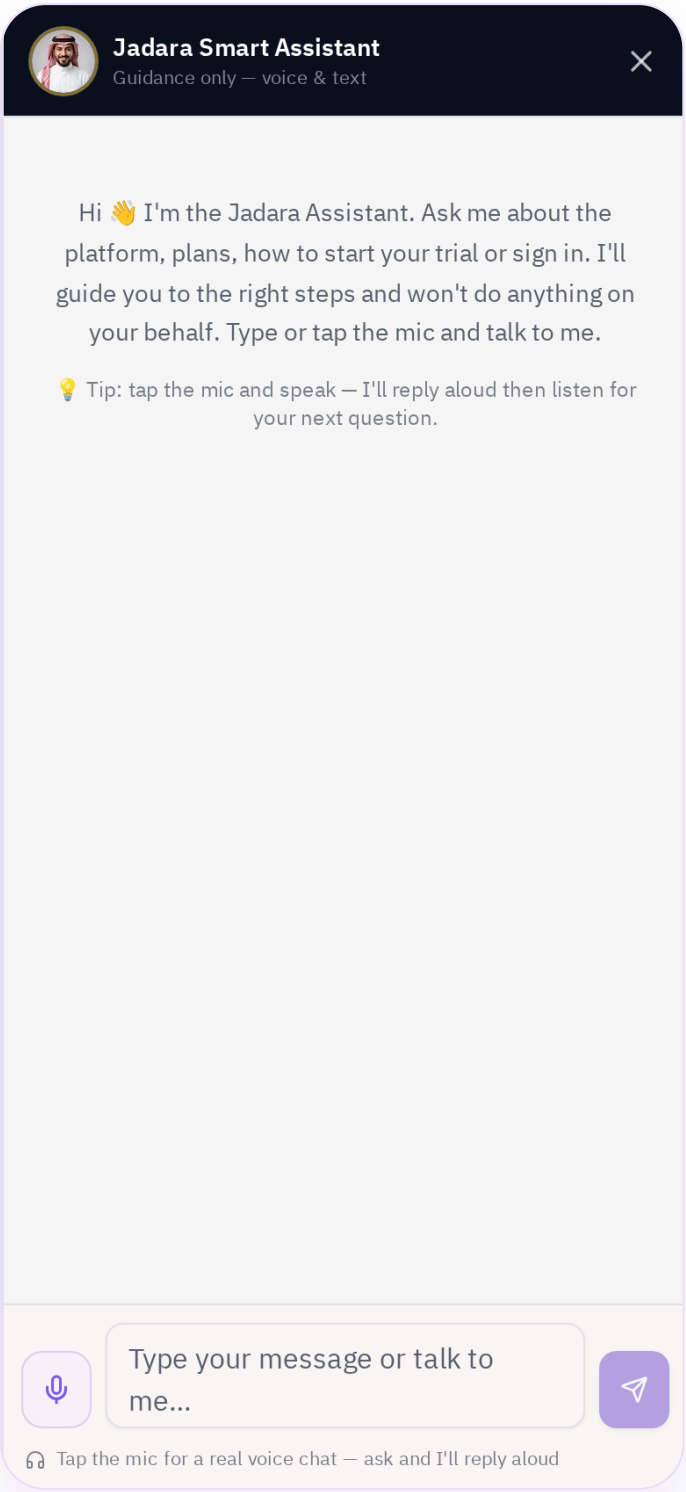

Your approved incentives and bonuses: type, amount and due date.

# Notifications

The notifications tab collects everything: approvals, rejections, new documents — with a permanent history.

# Jadara Assistant

A smart in-portal assistant that explains any service in your language and never acts on your behalf.
